QUARTERLY REPORTS FROM DCEA, NIGERIA DIRECTOR.

Beloved in his vineyard.

It has been a long time since I wrote my quarterly reports to you; due to DCEA's big building project takes a lot of my attentions, times and schedules.

As of now the Building project is temporary interrupted for our contractor to resolved the issue on ground and make correction and amend to meet with what DCEA's building vision and mission stands for. As says "it is better to make corrections than sorry later".

God has been so faithful to us since on 15th of August, 2022; we purchased 4 plots of land at New Garage, Ibadan, Nigeria till today the works are ongoing. Praise the Lord.

I will like to quote what Apostle Paul says in those two verses below for us to understand God is at working for our building project and nothing will prevent it for us in Jesus Name.

Being confident of this very thing, that he which hath begun a good work in you will perform it until the day of Jesus Christ: (Philippians 1:6)

Faithful is he that calleth you, who also will do it, (1 Thessalonians 5:24 KJV)

I am very happy and pleased to write a reports to you of what we have done before evang. Job arrived Nigeria, during his around in Nigeria and after his departures back to USA.

Sorry that I am unable to attach much of previous pictures to this report because I lost my cellphone on 23rd of September, 2024. But I will attach recently pictures here to this report.

From the Bottoms of my heart I want to say a very **BIG THANKS** to you all for your enormously supporting toward DCEA'S dream building project and God will enrich your spiritually, mentally, financially and healthy in Jesus Name.

1. BEFORE EVANG JOB ARRIVED TO NIGERIA.

- We were able to make Water borehole at the site and installed pipes and also bought 7.5 liters of tank.
- We employed caterpillar to clear and level the land area unfortunately caterpillar could not level the land area due to some stone area
- We set up security tent and brick machine tent to make blocks.

- To the glory of God one of evang. Job in law brother (Mr Rotimi) gave us his brick machine to use to make block for 9 months on a condition that we should buy vibrator machine and pallets of which will later become his own.
- We stored a full trail of 600 bags of cements at evang. Job's junior brother's house which is just 5minutes drive away from the site.
- We hired block operators to make block for the building project, they made about 7,000 plus blocks.
- And also we hired a security to watch over the site at night.

2. DURING EVANG. JOB'S AROUND IN NIGERIA.

- Evang. Job arrived Nigeria on 27th of March 2024 whereby I and one of team met him with driver to welcome him to Nigeria from Lagos Airport.
- We team with evang. Job and his brother in law Mr Rotimi organized a meeting, we discussed about questions and schedules to meet and interview with 4 contractors of which we will choose the right ones for the job.
- We prayed and voted to make the decision of whom among the four contractors to choose finally the mandate fallen on Arch. Adedayo Idowu of Daytech Global Concept Nig. LTD. Then building project commenced on 22nd of April, 2024 and we held a groundbreaking ceremony at the site on 4th of May, 2024. A lot of deaf people and hearing people were attended the events. Praise the Lord
- We bought diverse materials such as 1,800 bags of cement, TMT Iron Rod, Wire Mesh, waterproof membranes, Nails, plank wood, Marine Boards etc for the buildings project.
- We installed another water borehole due to the first borehole have shortage of water supply. To the glory of God we got much better and sufficient water from the second water borehole. Praise the Lord .
- On 19th of July, 2024, a workers comes very early morning to steal our generator, our contractor was forced to take full responsibility for the stolen of the generator, hence he reported the thief to policeman and the thief was arrested on Sunday September 1st, 2024, unfortunately the generator was sold to the generator marketer and the generator marketer in turned sold to the customer. However we got a fairly used Generator of the same brand name but different voltage power from the generator marketer's association from whom one of their member bought our generator from the thief.
- We inaugurated Project Management Committee members that will be in charges, inspecting and give in their best quotes for the development of the building project.
- During Evang. Job around in Nigeria, we visited 8 different deaf churches to share the love of Christ with them and also encouraged them to remain in the faith.
- We held our 7th year leadership conference at OYO town with the theme MORE ABOUT JESUS and DCEA committee members voted for 2025 year conference to be hosted in Ibadan, capital city of OYO state, Nigeria with the theme SPIRITUALLY EMPOWERMENT.

- Before the departure of Evang. Job to USA, he pleaded with the committee to remain committed and dedicated to the cause of DCEA's dreaming building project.

3. AFTER EVANG. JOB DEPARTED TO USE.

- Evang. Job Ayantola left Ibadan to Lagos Airport around 3pm on Tuesday 10th of Sept; 2024, whereby I accompanied him with an Uber driver to the airport.
- We resumed block works by hiring Deaf guys to make blocks, they made up to 1,700 plus blocks and suspended for now due to shortages of funds
- Our lawyer has received court order to sell fraudulent old man's house to refund our money from toll gate land purchased by us.
- During the processing of second stage building project, when workers working on the decking, it was discovered that decking works doesn't look like original drawing so they interrupted the work for a while until it is resolved.
- Our contractor in person of Arch. Dayo, Engineer Peju, Dayo's team and Arch Olawale one of the Project Management Committee come together and held a meeting to give deep insight on what step to taking to resolve the issue and send the reports to DCEA president evang. Job for his study and administration.

DCEA NIGERIA is praying for your continues supporting toward the building project. This big building project can't depending on one person but on a collectively of people like you will make the big difference for the DCEA Evangelism Training and Conference Centre to be achieved.

We have done the whole foundation of the whole buildings. Presently we are at the second stage of main buildings which is also called multiple purpose hall. We will like you to collectively supporting us to finish the main building from the second stage to the roofing stage which is 4th stage then we can continue with dormitory and staff quarters.

Please if God has directed you to support the project with cash or equipment or materials. Kindly visit ceaforchrist@gmail.com to make donation through to Evang. Job Ayantola or pay into **DEAF CHRISTIAN EVANGELISTIC ASSOCIATION, FIRST BANK, ACCOUNT NO: 3127724426.**
