QUARTERLY REPORTS FROM DCEA, NIGERIA DIRECTOR.

But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed.

This is a great privilege to share my quarterly reports with you at such a time like this after returning from busy schedule at Easter Retreat Camp in Owerri , Imo State, South East, Nigeria.

I want to thank everyone of you who are part of our journeys in DCEA ministry and DCEA building project for the Deaf Evangelism Training Centre, New Garage Ibadan, Nigeria.

Thank you very much for all of your prayers and financials support that had helpful to us thus far. I pray that Almighty God continues to bless you immensely in Jesus name.

Since after casting concrete on ground floor in January this year, we were looking for Deaf block operator to mold blocks for the stage 3rd and 4th of main building project.

Thank God we got two deaf operators and they molded about Five Thousand (5,000) blocks.

We negotiated for the water drainage system, guest house, external parking a lot and internal parking a lot and Fences for the work to immediate starting before the rain season. Thank God we were able to start water drainage system, guest house, fences, internal and external backfilling for parking a lot simultaneously and so far, the work are still in progress. By God grace immediately those works mentioned above are completed, we will immediate commence stage 3rd and 4th of the main building plus dormitory and staff quarter as God permitted.

On one Sunday. We got information that our former site security stolen some of our iron rods to sell unfortunately he was arrested on his way to sell the iron rods by the policeman and jailed him until his bail was met after we pardon him. We hired a new security and also we bought CCTV camera to install around site so as to monitoring the situation of the site because our security alone can not secure or keepings site saves.
